Conference and Function Suites

The Hamilton Suite

Our dedicated function facility is a self contained building within the grounds, offering the Hamilton room on the ground floor and the Duddon and Kelsall rooms above on the first floor.

The Hamilton room has a separate entrance and bar, and it overlooks its own garden area; to which it has ample access.

The room can also be divided for smaller conferences or for when two meeting rooms are needed in one.

The Duddon and Kelsall rooms are upstairs and offer dedicated conference facilities. With white boards, pin boards, and screens on the wall, as well as other equipment available; they are ideal for smaller conference rooms or for break out rooms from larger conference rooms.
